Item # item-1012, H-Base Stands

H-Base Stands

- Heavy duty one-piece base construction of welded carbon steel tubing.
- Vertical upright construction of .250" wall DOM Steel tubing.
- Patented internal assembly designed for ease of vertical height adjustment.
- Traverse construction of Thomson bearings and rails.
- Traverse assemblies are equipped with a "half nut" feature allowing both "quick positioning" and "fine adjustment."
- All carbon steel components are coated with a rust inhibitive primer and finished with "Steel It" polyurethane paint.
- All aluminum parts are anodized.
- Stands are supported on 4" diameter locking casters (leveling pads are optional.)
